***Lonestar's Lady* ~~** Lonestar. His name fit him perfectly. It fed every fantasy that Gussie Horton had conjured about Indians and forbidden love. His neighbors whispered that he was a murdering half-breed, which was true. But Gussie believed in second chances, and more importantly, her heart told her to believe in Max Lonestar.

***Solitary Horseman* ~~** The Civil War is over but the battles continue. Brought together by bad luck and cruel twists of fate, Callum and Banner forge a partnership they hope will keep them afloat even as neighboring Texas ranchers go under and their land is snapped up by opportunists.

***Ropin' the Moon* ~~** He had tumbleweed in his blood, moving from one town to the next. Traveling to where there was trouble, he was hired to tame wild places with a fast draw and an iron will. Lacy knew that Dalton wouldn't be around long and she shouldn't be tempted by him. But like the moon, his pull on her was a natural, powerful force that she was helpless to resist.
