COMPLETE 7-BOOK SERIES

December 7, 1941

The day which
will live in
infamy...
was just
the beginning.

Their hearts were strong, and their courage endless.

Pearl Harbor survivor, Black Cat radioman, and decorated WW 2 veteran. ARM H. P. Lawrence, tells the true story of the fight against the Japanese in this compilation of his memoirs.

One of only a handful of non-Native American code-talkers, H. P. Lawrence became a member of an elite fighting force, the Black Cats. Flying in their nocturnal missions, the Cats' claws were sharp and their aim deadly.

From devastation to victory, the story of these brave men—the deadly, mysterious, and illusive Black Cats is a journey into the past where nightmares came true and hatred reigned. A time in history we should never, ever forget.

The Cedar Ridge Hills Time Travel Series

Hope is the light that guides through the darkest of times.

Skies of Blue - Hired as a tour guide in a haunted museum, Janet had no idea she'd find the peace she'd been desperately seeking.

The House on Cedar Ridge - Thalia, the museum curator, traveled through a portal beyond the crack in space and time where vengeance, witchcraft, and barbaric practices were the norm.

Over the centuries many Satanists believed they had the power to control the Devil. Even in the 21st century, they continue to try ignoring the failures of the past at their own peril.

An ambitious plan and an invitation to the Devil to visit and help them rule the world of humans.

But...the Devil has his own agenda.

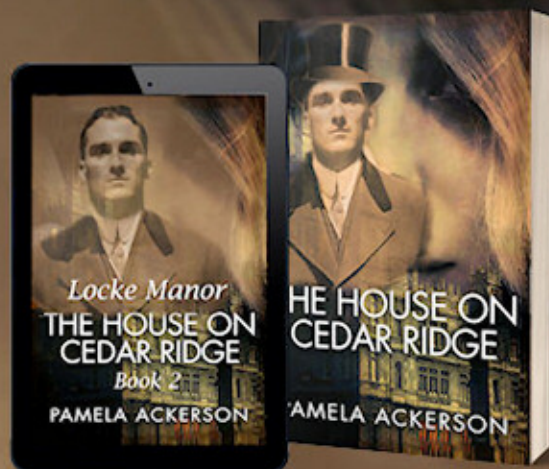

After authority figures were reported missing, a standard investigation unit became employed to find them. If the supernatural was involved, Superintendent Betty Buick from IMP determined it wouldn't be long before IMP was called upon to do more than simply advise.

She wasn't wrong.
